Follow the computing rules

Help us to protect CERN’s mission and reputation.

- Follow the CERN Computing Rules.
  Familiarise yourself with the “Dos and Don’ts” of Operational Circular No.5.

- Take responsibility.
  Everyone is responsible for securing their PCs, data, systems & services.

- Do not run restricted applications.
  e.g. software which has negative impact on CERN’s network or computer security.

- Respect confidentiality and copyrights.
  … of music, videos and software applications.
